## Scope

This 2024 edition of the International Workshop on Plan 9 aims to bring together researchers, developers and students working on Plan 9 from Bell Labs or related systems, platforms, and projects, to discuss a wide range of system and application ideas and issues.

## Types of Submission

In order to increase the interactivity of the workshop, we intend to offer a hackathon in addition to the presentation of regular and short work in progress papers. Please send your proposal to [iwp9papers](mailto:iwp9papers@iwp9.org) at [iwp9.org](http://iwp9.org) including the topic and a short abstract of the session, the name(s) of the organizer(s), duration of the session and required infrastructure (e.g. wired/wireless network, power, video projector).

## Paper Submission

Papers of up to 15 pages must be sent to [iwp9papers](mailto:iwp9papers@iwp9.org) at [iwp9.org](http://iwp9.org) in PDF format. Please do not forget to include the email address of the contact author. Submissions will be acknowledged via email.

## WIP Submission

Works in progress of up to 3 pages must be sent to iwp9wip at iwp9.org in PDF format. Please include the email address of the contact author. Submissions will be acknowledged via email.

## Program and Proceedings

An electronic version of the proceedings will be provided to all participants and authors and will be publicly available after the workshop.

## Registration

The registration deadline is March 10th, 2023. To register, please send an e-mail to iwp9reg at iwp9.org with your name, affiliation and email address, one per line. Late registrations will be accepted, but you won't get any schwag.

The workshop will be held in 3675 Market St, on the campus of Drexel University, Philadelphia, PA in the United States.
